DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding independent claim 1, line 18, the claim language fails to identify the variables of the equation as to what each variable denotes or defines. Thus, the interpretation of the claim is unclear and indefinite.

Regarding claims 2-12, they depend from claim 1.

Regarding claim 7, the phrase "for example" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Claim 12 recites the limitation "the remote speaker" in lines 5-6. There is insufficient antecedent basis for this limitation in the claim.
